

OSAINÉ
SEA CARE

Osaine is a fantastic way of increasing your profit margin!

Osaine is a Luxury spa skincare range that has been specially formulated from live seaweeds and marine waters.

Extensive studies have proven that certain marine algae's have the same composition as blood plasma and therefore when these algae's are applied to the skin, the skin responds in a positive way.

These seaweeds used in Osaine have shown improvement in the metabolism of cells and general functioning of the skin.

When applied the skin is left looking healthier, well hydrated and more radiant.
